

## IFFR Switzerland

### Fly-in June 19<sup>th</sup> 2021 – Buochs LSZC

Very close to the world famous airplane manufacturer Pilatus, there is a small aviation start-up – producing and selling the very economic Lightwing AC4.

Every Swiss pilot knows AOPA – fully engaged for the general aviation. We are proud to have AOPA representatives speaking to us about a topic concerning all of us.

IFFR Switzerland proudly invites you to visit Lightwing and to learn about law enforcement in Swiss aviation on June 19<sup>th</sup>.

#### Program:

- Fly-In to Buochs LSZC
- AOPA presentation: Law Enforcement in Switzerland
- Convivial Lunch
- Lightwing Aircraft: Visit of the Manufacturing Site

Pre-booking: [<https://doodle.com/poll/rixauxfdk4ci2bvp>]

(thanks for precising the number of people who will join you)
