

IFFR Switzerland

Fly-in October 1st, 2022 - LSZM¹

Save the date!

Anavia, specialized in the design, development & manufacturing of vertical takeoff & landing (VTOL) systems of up to 500 kilograms, will open their doors to IFFR Switzerland!

Anavia is currently moving. The location of this event is consequently uncertain, but please save the date! More information will follow early September.

Program:

- Fly to Mollis
- Visit of Anavia (including a demo of HT-100)
- Convivial Lunch

Pre-booking: <https://doodle.com/meeting/participate/id/DdwPgvme>

(Thanks for precising the number of people who will join you)

¹ Subject to confirmation
