
IFFR Switzerland FLY-IN 2026

21st – 23rd of August

Welcome to the Oldest Swiss Town, to the Secrets of the Swiss Alps, and to a great Scenery

Welcome to Mollis and Chur

The organising committee of the IFFR Meeting Switzerland is very delighted to have you as our guests!

Picture: Chur Tourismus

Experience a weekend in and around the oldest town of Switzerland, Chur, that blends aviation excitement, alpine serenity, cultural depth, and culinary indulgence.

Your adventure begins with a remarkable **Fly-In at Mollis**, where aviation meets the dramatic backdrop of the Glarus Alps. After the welcoming at the airport, we will drift into tranquility on a **boat cruise across the pristine Walensee**, gliding past steep rock faces and emerald waters—one of Switzerland's most breathtaking natural settings.

Step into the region's hidden history with an exclusive **visit to an underground future laboratory** inside the mountains. As evening falls, Chur welcomes you with warmth and authenticity: enjoy a **relaxed dinner featuring local specialties**, offering the perfect introduction to the flavors and traditions of Graubünden.

The next day invites you to **uncover Chur's** rich heritage on a **guided city tour**, where narrow alleys, historical landmarks, and charming squares reflect over 5,000 years of history.

In the afternoon, we invite you to the following options:

- Either you have a look into the world of cutting-edge **Swiss engineering** with an exclusive visit to **EMS-Chemie** in Domat/Ems. Gain unique insights into one of the country's most successful chemical and polymer manufacturers, discover its impressive innovation power, and experience a behind-the-scenes look at a company shaping industries worldwide.

Picture: Ems Group

- Or you take the cable car to Brambrüesch and go on a guided hike with breathtaking views over Chur and the Rhine Valley (hiking time: approx. 1.5h).

Picture: myswitzerland.com

- Or you decide to explore either Chur or the wider region—whether you choose panoramic mountain excursions, scenic train rides, vineyard strolls, or simply taking in the alpine atmosphere surrounding Switzerland's oldest city.

The weekend reaches its elegant finale with a **gala dinner in Chur**, an evening of fine cuisine, festive ambience, and memorable conversations that celebrate everything you've experienced.

Two days, countless impressions: aviation thrills, the calm of the lake, underground laboratory, local culinary delight, alpine discovery, and refined celebration—all woven into one unforgettable weekend in Chur.

General Information

Arrival

Arrival to our meeting point at Mollis Airfield is possible by:

- via Private Aircraft
- via Public with train from Zurich Airport via Zurich to Ziegelbrücke (departure 10:36 / 11:06 / 11:36, arrival Ziegelbrücke 11:41 / 12:11 / 12:41, a small bus will pick up you at the railway station Ziegelbrücke.
